

GEAR SWAP

Saturday – October 13th from 5pm-8pm
Refreshments will be provided!

Do you have an old spray top laying around that you haven't bothered to get rid of? Have you outgrown your old life jacket but haven't had the chance to get a new one? Are you new to sailing and looking for a place to buy some inexpensive gear? West Coast Sailing has you covered.

How it works

Drop off your used gear at West Coast Sailing or at our "Gear Swap Bin" located in the WSC clubhouse and name your asking price. We'll display your items at the gear swap and deal with collecting payments. If your item sells, we'll write you a check for 80% of the total sales amount or you can choose to apply 100% of the sale price to store credit for a future purchase!

You can drop off items at West Coast Sailing's store during normal business hours starting Saturday October 6th. Or you can drop off your gear at the "Gear Swap Bin" located inside the Willamette Sailing Clubhouse. If you are dropping gear off at WSC, please print off the attached Sale Agreement Form, fill it out and place the form and gear inside a single plastic bag.

Items accepted

Spray tops and pants, hiking pants, wetsuits, drysuits, boots, gloves, hats, life jackets, base layers, fleece, wool... really, just anything you would go sailing in! We're looking for all sizes, colors and manufacturers of adult and junior gear. So clean out those closets and see what's lying around!

Why Should I Attend?

West Coast Sailing will have cookies, hot cider and sailing movies playing for your enjoyment. In addition to tons of great deals on used gear, we will have special clearance pricing on select items as well as all the latest sailing gear on hand. And don't forget about our 15% discount for junior, high school and college sailors!

Please – only gear in clean and usable condition will be accepted.
